

LABEL LOCATIONS

Warning labels attached to your vehicle bearing this symbol mean: Do not touch or adjust components until you have read the relevant

instructions in the handbook.

Labels showing this symbol indicate that the ignition system utilises very high voltages. Do not touch any ignition components while the starter switch is turned on.

Additional information labels may also be found at the following locations:

SL1680

1. Hood locking platform - Air conditioning label
2. Top of battery - Battery warning symbols

3. The VIN is stamped on a plate visible through the lowest part of the left side of the windshield. The number is also stamped into the right side suspension tower.

Note: If you need to communicate with a Retailer you may be asked to quote the VIN number.

4. End of facia (passenger side) - Passenger air bag label.
5. Sun visor - Air bag label, vehicle handling label.
6. Base of B pillar or rear of front door - Tire pressure label, air bag warning label.
7. Inside gas filler flap - Fuel label.
8. Engine numbers are on the right side of the engine block and camshaft cover.

It is important that you are familiar with these subjects to ensure that your vehicle and its features are used safely.

VEHICLE IDENTIFICATION NUMBER (VIN)

The VIN is a unique number which identifies your vehicle. Unlike the vehicle registration number it cannot be transferred and remains with your vehicle for its life.
