INTERIOR LIGHTS LOCATIONS

- SL1714
- 1. Sun visor lamps. Illuminate when the vanity mirror is opened.
- 2. Map reading lamps. Move a finger close to (or touch) the relevant lens to switch on/off.

Note: If you are wearing gloves, it may be necessary to touch the lens to operate the lamps.

- Front interior lamp. Illuminates when the doors are unlocked and extinguishes 60 seconds after all doors are closed, when the engine starts or when the vehicle is locked. Move a finger close to (or touch) the lens to switch on and off manually. Touch the lens for two seconds to deactivate/activate automatic illumination.
- 4. Glove box lamp. Illuminates when the glove box is opened.
- 5. Footwell lamps. Illuminate when the doors are unlocked and extinguish 60 seconds after all doors are closed, when the engine starts or when the vehicle is locked.
