

HITCH ASSIST

Hitch assist is a user selectable touch screen feature that can aid the process of guiding the vehicle to the trailer tow hitch. Use Hitch assist while reversing the vehicle to the trailer hitch. See **107, SURROUND CAMERA SYSTEM**.

TOWING HITCH

The optional trailer hitch (drawbar) receiver is rated as a Class II.

When selecting a drawbar for the receiver, the following dimensions must be adhered to:

- A.** The maximum recommended drawbar length is 7 in (178 mm).
- B.** To achieve the maximum ball height, a drawbar with a rise of $1\frac{1}{4}$ in (32 mm) is required.

Consult your Land Rover Retailer for the latest information.
