

## RADIO CONTROLS

SL1942

See **109, TOUCH SCREEN HOME MENU.****⚠ WARNING**

**Do not adjust the touch screen controls, or allow the system to distract the driver, while the vehicle is moving. Driver distraction can lead to accidents, causing injury or death.**

- 1. Radio:** Waveband selection. Touch to view and select a waveband. The radio will tune to the last used station on that waveband. Touch again to close.

The waveband selection box will close automatically after 5 seconds without use.

- Displays information about the current station. Some of this information is also displayed in the instrument panel.
- Seek down:
  - Short touch to auto seek down the frequency to the next radio station.

- Long touch to activate manual seek mode. Further short touches change the frequency in single decrements. A further long touch will scan backwards through the current waveband until the soft key is released.

- Information. More information from the broadcasting station.

- Seek up:

- Short touch to auto seek up the frequency to the next radio station.
- Long touch to activate manual seek mode. Further short touches change the frequency in single increments. A further long touch will scan forwards through the current waveband until the soft key is released.

- Settings:** Touch to view and activate/deactivate the following features: **RBDS**, and **HD Radio**. See **120, RADIO BROADCAST DATA SYSTEM (RBDS)**.
