Bluetooth®

Pairing using the Touch screen

- Switch on your phone or device's
 Bluetooth® wireless technology device connection. Make sure that your phone or device is in Bluetooth® wireless technology device discoverable mode, sometimes referred to as find me mode (see your phone or device's operating instructions for more information).
- **2.** Switch the ignition on and make sure the Touch screen is active.
- 3. Select General settings.
- **4.** From the displayed list, select **Bluetooth**.
- The system searches for a phone or device and, if found, the phone or device displays on the screen.

If the phone or device is not found, **NO DEVICES FOUND** displays.

Note: The phone/device list can store up to 4 entries.

- A Passkey number appears on the phone or device. If this number matches the number on the Touch screen, touch Yes.
- Once a phone or device is paired, it appears on the connected device's list and on the PHONE screen and it appears in the Bluetooth, List of paired devices section.

Instructional video - Pairing a Bluetooth device to the vehicle.

CHANGING THE CONNECTED PHONE OR DEVICE

Up to 4 mobile phones or devices can be paired with the vehicle in the same way. However, only 2 can be connected and ready for use as a phone or device at any one time (one for phone and one for media).

To connect a different paired phone to the vehicle:

- From the PHONE menu screen, select Change device. See 163, TELEPHONE SYSTEM OVERVIEW.
- 2. A menu will appear. Select a paired device from the list.

DELETING A PAIRED PHONE OR DEVICE

To delete a phone or device from the system:

- 1. In General settings, select Bluetooth.
- 2. From the list, select List of paired devices.
- 3. Select the phone or device to be deleted.
- **4.** From the list, select **Delete pairing** to delete the phone or device from the system.
