## **Navigation system**

- Closest Cities: Select to view a list of the Closest cities.
- **Phone Number**: Select and enter a known phone number as a destination.

## **POINTS OF INTEREST (POI)**

To set a destination from the selection of POIs: In Where To?, touch Point of Interest to view the following list:

- All Categories.
- · Gas Stations.
- Restaurants.
- Hotels.
- · ATM / banking.
- · Spell name.

The POI search area selection can also be changed by selecting the **Change Search Area** soft key; the following options are listed:

- Around Me.
- Near Destination (this is only available during a route guidance).
- In a City.
- Along Route (this is only available during a route guidance).

When the required POI has been found, touch to select it as a destination.

## **EMERGENCY**

On the **NAV MENU** screen, select **Emergency** to see the following list of emergency options:

- Hospital: Search and route to a hospital close to your current location.
- Police: Search and route to a police station close to your current location.
- Location: Select to show details of your current location.
- **Save**: Select to save your location as a favourite.

To search for any of the emergency services listed above:

- **1.** Select the emergency service required.
- 2. Use one of the following categories to find the emergency service:
  - Name.
  - Distance.
- Select the required emergency service from the list and touch Yes to confirm the destination.
- 4. If you are already on a route guidance, the system will ask you to select one of the following:
  - Cancel previous route.
  - Add as first destination.
  - Add as last destination.

## TO SET A SELECTED DESTINATION

Once a destination has been selected, there are 4 options:

- Yes: Select to accept the selected destination and start guidance.
- Options: When calculating a route, various options can be selected.
  Before accepting the requested route, touch Options to view the following list of the options:
  - Fast
  - Short.
  - Economical.
  - Route Alternative.
  - Round Trip.

Select the required option from the list.

 Avoid: When calculating a route, a road type to avoid can be set.

Before accepting the requested route, touch **Avoid** to view a list of options to avoid. Select the required option from the list.
