

Heating and ventilation

Note: Avoid touching the new battery.
Moisture/oil from fingers can reduce battery life
and corrode the contacts.

CLIMATE CONTROL FOR THIRD ROW SEATS

The third row seat climate control provides fan controlled chilled air through the rear side vents.

E164877

Rotate the control to adjust the fan speed.

Third row seat climate can also be controlled and switch on/off via the front climate control touch screen. Touch the **Rear A/C** soft key to view the options.
