Digital Audio Broadcasting (DAB)

DISPLAY OPTIONS

Touch-screen information panel

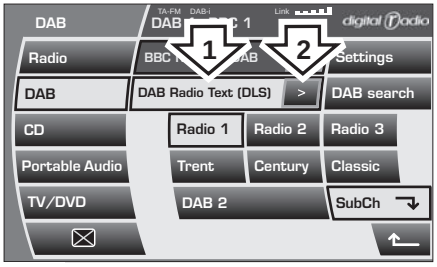

LAN2038

1. DAB band indicator.
2. **TA-FM** is displayed if the FM traffic option is enabled.
3. **DAB-i** indicates that DAB Announcements are enabled.
4. Channel name.
5. The arrow icon indicates that subchannels are available under the current channel. **SubCh** is displayed if a subchannel is tuned to.
6. **Link** is displayed if the Link DAB option is enabled.
7. Signal strength indicator.

Note: *The display can also show PTY or Ensemble information if you have selected one of these options under* ***DAB text*** *on the Settings menu.*

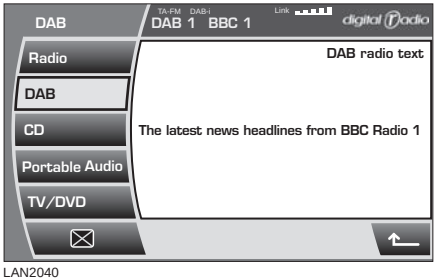

DAB radio text

Many digital channels transmit additional text (DLS, Dynamic Label Segment) to accompany a broadcast. For safety reasons, this text does not scroll across the screen.

LAN2039

The first 16 characters of text are displayed (**1**). If you want to read the full text, you must select the additional text icon (**2**).

LAN2040

The **DAB radio text** pop-up screen displays all 128 characters of text. This text may change periodically, if the broadcaster chooses to do so.

To remove the pop-up screen, briefly touch it.
