AUXILIARY POWER SOCKETS

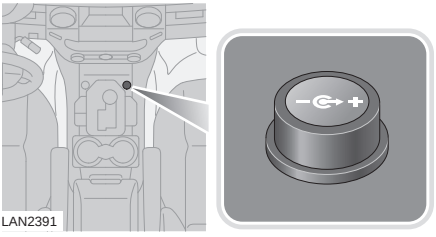

CAUTIONS

Only Land Rover approved accessories should be plugged into a power sockets. Using any other equipment may damage the vehicle's electrical systems. If you are in any doubt contact your Dealer.

The engine should be running when using accessories for long periods. Failure to do so can discharge the battery.

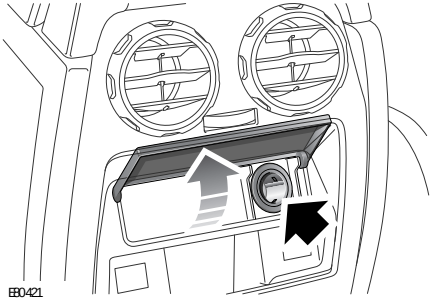

Note: *Power sockets can be used to power approved accessories that use a maximum of 180 Watts.*

Front auxiliary power sockets

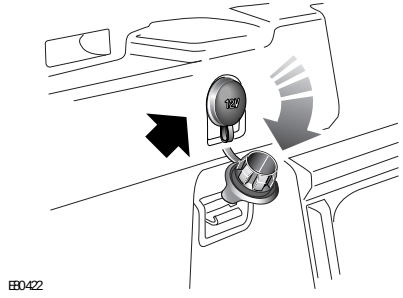

Note: *Dependant upon vehicle specification, you may have a second power socket in place of the cigar lighter.*

Rear auxiliary power sockets

Raise cover to access the auxiliary power socket.

On 7-seat vehicles, a third power socket is fitted in the left-hand side trim in the loadspace area.
