This service will be provided throughout the U.S., Canada and Puerto Rico at no cost to you if required at any time during the term of your New Vehicle Limited Warranty (4 years / 50,000 miles, whichever occurs first). Your vehicle must be accessible to our dispatched transport facility (as determined by our facility) to receive this service.

24-Hour Roadside Assistance

Should you accidentally run out of fuel, require a battery jump, or need help in changing a flat tire, Land Rover Roadside Assistance will dispatch a facility to deliver a small quantity of gas, change a flat tire with your inflated spare, or arrange a battery jump to allow you to proceed to your destination. If you require lock-out assistance, your vehicle will be towed to the nearest authorized Land Rover retailer for unlocking. These services will be provided at no cost to you if required at any time during the term of your New Vehicle Limited Warranty (4 years / 50,000 miles, whichever occurs first).

Trip Interruption Benefits

Trip interruption benefits are provided in the event of a warranty-related disablement that occurs more than 50 miles from your primary residence. Reasonable reimbursement for meals, lodging and alternate transportation expenses are included unless you have already reached your final destination*. Original receipts must be provided. It is required that you contact Land Rover Roadside Assistance to obtain pre-authorization of claim expenses.

Once authorization has been given for trip interruption benefits, the Land Rover Roadside Assistance representative will assist you in making necessary arrangements. Insurance deductibles, expenses and claims paid by your insurance company or other provider are not eligible for reimbursement.

*** PLEASE NOTE** that reimbursement for meals and lodging is not extended if you have already reached your final destination.
