REPAIRING MINOR PAINT DAMAGE

Regularly inspect the paintwork for damage. Any stone chips, fractures, or deep scratches, in the paint/bodywork should be repaired promptly. Bare metal will corrode quickly, and if left untreated can result in expensive repairs.

Minor chips and scratches can be touched up using materials and advice available from a Land Rover Dealer/Authorised Repairer. Larger areas of damage will require professional repair, and you should consult a Land Rover Dealer/Authorised Repairer.
