SURROUND CAMERA SYSTEM

The camera home page is accessed by using the camera hard key. See **66**, **TOUCH SCREEN HOME MENU**

- Enlarge: To enlarge a camera view, touch the image then touch the Enlarge soft key. Any 2 images can be selected and enlarged to view side-by-side on the screen.
 - When viewing the two images, one of them can be selected to view as a full screen image. It can then be zoomed into and panned around using the magnifier and arrow icons.
- 2. **Proximity View:** Touch to select a combination of 3 images from the front and passenger side cameras.

Automatic Proximity View - Japan only: When Drive or Reverse is selected, the forward or rear view will be displayed. Once the vehicle speed exceeds 18 km/h (11 mph) or the return icon is pressed, the camera screen will disappear.

Note: Proximity view can be accessed at any time by touching Proximity View on the Camera home page.

- Special Views: Touch to display a selection of pre-set views. They are provided to assist with difficult manoeuvres and are:
 - **Kerb view:** Shows views from the 2 side cameras
 - **Junction view:** Shows views from the 2 front cameras
 - Trailer view: Shows the rear camera view.
- 4. Camera Settings Japan only: Touch to access the camera options page. To deactivate the Semi-auto camera functionality select Off. The Proximity view is now only accessible by manual activation using the Proximity View soft key.
- **5. Tow Assist:** Touch to display trailer guidance set-up screen.
- If the colour of the camera position arrow changes from blue to red, the system has detected that the camera is dirty. Clean the camera as recommended. See 200, CLEANING THE EXTERIOR.
