# **Front seats**

## **REAR SEAT ACCESS**

The front seats tilt and power slide forwards for entry to and exit from the rear seats.

#### Standard seats

- 1. Lift the locking lever (1) and pivot the seatback forwards.
- Push the switch (2) forwards or use the side mounted switch (3) to power slide the seat forwards.
- To return the seat, pivot the seatback until it locks into its previous position. Push the switch (4) rearwards until the seat stops at its previous position.

**Note:** Previous position can be a memory position or an adjusted position. If the seat is required to move further back and there is still adjustment available, press and hold the switch (**3** or **4**) again.

#### **Sports seats**

- 1. Lift the locking lever (1) and pivot the seatback forwards.
- 2. Push the side mounted switch (2) to power slide the seat forwards.
- To return the seat, pivot the seatback until it locks into its previous position. Push the switch (3) rearwards until the seat stops at its previous position.

**Note:** Previous position can be a memory position or an adjusted position. If the seat is required to move further back and there is still adjustment available, press and hold the switch (2 or 3) again.

### NOTICE

Take care not to damage the seat backs while gaining access to the rear seats.
