

7. **Station list** (FM only): Select to view a list of available stations on the waveband. The list can be sorted by **Frequency**, **Name** or **Category** (pop, news, sport etc.), by selecting the appropriate soft key. Touch to select the chosen station.

If the stations are sorted by category, touch the chosen category to view and select a corresponding station.

8. **Frequency input**: Select to enter a known frequency of a station on the current waveband, using the numeric keypad that appears. Select **OK** or wait for 2 seconds to tune to the entered frequency.
9. **Station presets**: Each waveband has 6 preset positions.
- Touch and release to tune to the station stored on that preset.
 - Touch and hold to store the current station on that preset (the radio will mute while the station is stored then beep).
 - Use the seek buttons on the steering wheel to change to the next or previous preset station.

- RBDS enables stations to be categorized by program type, e.g., rock music, current affairs, news, etc. The list is then available to view via the **Station list** soft key.

RADIO BROADCAST DATA SYSTEM (RBDS)

Your radio is equipped with RBDS which enables the audio unit to receive additional information with normal FM radio signals.

Note: *Not all FM radio stations broadcast RBDS information.*

Select **Settings (6)** then select **RBDS On** to view or alter RBDS settings.

- **RBDS station name display.** The station name will not display if it is not available from the broadcaster or if RBDS is unavailable due to loss of reception.
