

## LAND ROVER ASSISTANCE

Land Rover Assistance is a comprehensive assistance programme, designed specifically for Land Rover drivers to promote absolute peace of mind. The programme provides assistance in motoring emergencies ranging from immobilisation due to breakdown or accident, through to minor emergencies such as punctures.

If your vehicle is immobilised, Land Rover Assistance will attend your vehicle. If the problem cannot be resolved at the roadside, we will recover your vehicle to the nearest Land Rover Authorised Repairer.

If the Land Rover Authorised Repairer cannot repair your vehicle promptly, you may be eligible for additional benefits such as a replacement vehicle.

The benefits of Land Rover Assistance are available throughout the manufacturer's new vehicle warranty period.

## OBTAINING ASSISTANCE

Should you require assistance, you should contact Land Rover Assistance immediately. Please do NOT make your own arrangements.

It would greatly assist us and speed up the assistance process if you could have the following details to hand when contacting Land Rover Assistance:

- Your name and exact location.
- A brief description of the incident.
- A contact telephone number.
- The registration number and VIN (vehicle identification number) of your Land Rover.

### Locating your VIN

Your VIN is visible through the windscreen.

You will be asked to provide this number along with your registration number. If you have not done so already, please take this opportunity to record them on your membership card. The VIN is also recorded in your Service Portfolio.

## LAND ROVER ASSISTANCE TERMS AND CONDITIONS

### Additional benefits

If your vehicle is immobilised as a result of an incident for which the vehicle is not at fault, additional benefits will not be provided. Where additional benefits do apply, these are subject to the terms and conditions of Land Rover Assistance.

### Adverse weather conditions

Please be aware that adverse weather conditions such as high winds, snow or floods can make some Land Rover Assistance operations physically impossible until the weather improves. Our immediate priority will be to ensure that you and your passengers are taken to a place of safety and it may be necessary to attend to your vehicle later.

### Caravan/Trailer

If your vehicle is immobilised, we will tow your caravan or trailer to a destination near to the appropriate Land Rover Authorised Repairer. Land Rover Assistance will not, however, be held responsible for any goods or animals (other than domestic pets) being transported.

### European motorway/autoroute restrictions

On certain major roads in some European countries, you must use the official SOS boxes at the side of the road to be connected to the authorised assistance service and arrange for initial recovery. These roads are privatised and we may be prevented from assisting on them. You should contact Land Rover Assistance at the earliest opportunity so that we can arrange for the most appropriate assistance once your vehicle has been recovered to a place of safety. Costs incurred for initial recovery should be claimed back from Land Rover Assistance.

## **Glass breakage**

We can on your behalf contact a Land Rover Authorised Repairer or Land Rover approved glass supplier, who will usually be able to supply and fit replacement glass. You will be liable for the cost of replacement parts and fitting charges.

## **Hotel accommodation**

The maximum amount payable by Land Rover Assistance for hotel accommodation will not exceed £100 per person per night (£150 in capital cities).

## **Fuel**

If your vehicle is immobilised due to the use of incorrect fuel (or running out of fuel) and the problem cannot be resolved at the roadside, Land Rover Assistance may at its discretion, recover your vehicle to the most appropriate Land Rover Authorised Repairer.

## **Languages spoken**

Languages spoken at the Assistance Centre will be appropriate to the home country.

Languages spoken by the roadside technician will be appropriate to the country in which the assistance takes place.

## **Limited assistance**

The benefits of Land Rover Assistance are not limited to mechanical breakdown, we aim to assist in the event of most types of motoring emergency. Please note however, that if your vehicle is immobilised as a result of an incident for which the vehicle is not at fault, then additional benefits will not apply.

## **Lost keys and keys locked in vehicle**

At our discretion, we will endeavour to provide assistance by the most practical method. However, should we be unable to gain entry to your vehicle, modern security systems may necessitate a forced entry. If this is the case, you will be asked to sign a declaration stating that you have given permission for this action, and that any costs for resultant damage will be your responsibility. These costs may be covered by your motor insurance policy.

## **Punctured tyres**

Punctures to tyres do not merit additional benefits. However, if your vehicle should suffer multiple punctures in one event, or your vehicle is not equipped with a spare wheel as standard and a tyre in use suffers dangerous tyre wall damage, extra assistance may be required. If repairs cannot be made within a reasonable period of time, Land Rover Assistance will determine at its sole discretion the appropriate level of extra assistance.

## **Reclaiming expenses**

If you have been authorised by Land Rover Assistance to pay for a covered benefit and wish to recover the costs, please retain original receipts and contact Land Rover Assistance for details of the reclaim procedure.

## **Release fees**

Should your vehicle be stolen or involved in a road traffic accident and subsequently recovered by the police, you will be liable for any release fee payable before we can remove your vehicle. These costs may be refundable under the terms of your motor insurance policy.

## **Replacement vehicles**

A replacement vehicle will be sourced through one of the major vehicle rental companies. You may be required to enter into a hire contract with the rental company and you must be able to comply with their conditions of hire. You will be responsible for any additional costs (including but not limited to fuel, congestion charges, parking fines, speeding fines, and toll charges). Insurance requirements may stipulate maximum and minimum age requirements. If you are outside of the stated age range we will endeavour to make alternative arrangements, but these cannot be guaranteed.

Certain endorsements on your driving licence may prejudice your eligibility to hire a vehicle. A valid driving licence and a credit card deposit (to cover any additional costs) will be required. Please note that we cannot guarantee availability of specific models or vehicles fitted with accessories such as roof racks and tow bars.

## **Road traffic accidents**

In the event of a road traffic accident, replacement vehicle entitlement is limited to a maximum of two working days, both in your home country and abroad.

## **Validity outside your home country**

Land Rover Assistance is only available outside your home country for single trips that do not exceed 30 days and for a maximum of 91 days overall duration in any 12 month period. It is recommended that adequate travel insurance should be taken out in such circumstances.

## **Vehicle repatriation from abroad to your home country**

You will be asked to provide Land Rover Assistance with a signed inventory of all items left in your vehicle prior to repatriation. Neither Land Rover Assistance nor its agents accept any liability for the subsequent loss of, or damage to, any items not declared on this inventory.

The maximum amount payable by Land Rover Assistance for vehicle repatriation will not exceed the market value of your vehicle.
