

Ensure that the vehicle underside is cleaned as soon as possible after driving off-road.

Using a hose pipe, direct clean water through the front bumper (where shown), to remove mud on the radiator and air conditioning condenser.

## CLEANING THE INTERIOR

### ⚠ CAUTION

Some cleaning products contain substances that are harmful and can cause health problems if used incorrectly and may cause damage to the interior.

## CLEANING FABRIC UPHOLSTERY

### ⚠ WARNING

Do not polish the instrument panel. Polished surfaces are reflective, and may interfere with the driver's view.

Clean plastic or cloth-faced surfaces with warm water and non-detergent soap. Then wipe clean with a soft cloth.

## CLEANING LEATHER UPHOLSTERY

### NOTICE

Only use cleaning products specifically designed for use on leather. Do not use chemical, alcohol, or abrasive materials, as they will cause rapid deterioration of the leather. The use of products which are not approved will invalidate your warranty. If you are in any doubt as to which products to use, consult your Land Rover Retailer/ Authorized Repairer.

### NOTICE

Some materials/fabrics are prone to dye transfer, which can cause unsightly discoloration of lighter colored leathers. Affected areas should be cleaned and re-protected as soon as possible.

Leather should be cleaned and protected at least every six months.

To prevent ingrained dirt and staining, inspect the seat upholstery regularly, and clean every 1 to 2 months as follows:

1. Wipe off fine dust from the seat surfaces using a clean, damp, non-colored cloth. Avoid over wetting the leather.
2. If this is not sufficient, use a cloth which has been dampened with warm soapy water and then wrung out. Use only mild non-caustic soap.
3. Use Land Rover leather cleaner for heavily soiled areas. Dry off and rub the area with a clean soft cloth, changing surfaces regularly.

Use Land Rover leather cleaner several times a year to maintain the leather's suppleness and appearance. The cleaner will nourish and moisturize and help to improve the surface protection film against dust and substances.

- Dark clothing may stain leather seats just like other upholstery products.
