#### ARDUOUS DRIVING CONDITIONS

When a vehicle is operated in extremely arduous conditions, more frequent attention must be paid to servicing requirements.

Arduous driving conditions include:

- Driving in dusty and/or sandy conditions.
- Driving on rough and/or muddy roads and/or wading.
- Driving in extremely hot conditions.
- Towing a trailer or driving in mountainous conditions.

Contact a Land Rover Retailer/Authorized Repairer for advice.

# ROAD TESTING DYNAMOMETERS (ROLLING ROADS)

It is essential that any dynamometer testing is carried out only by a qualified person, familiar with the dynamometer testing and safety procedures practiced by Land Rover Retailer/ Authorized Repairer.

#### **SAFETY IN THE GARAGE**

# **AWARNING**

If the vehicle has been driven recently, do not touch the engine, exhaust and cooling system components until the engine has cooled.

# **AWARNING**

Never leave the engine running when the vehicle is in a garage. Exhaust gases are poisonous and can cause unconsciousness and death if inhaled.

# **AWARNING**

Do not work beneath the vehicle with the wheel changing jack as the only means of support.

#### AWARNING

Keep your hands and clothing away from drive belts, pulleys and fans. Some fans may continue to operate after the engine has stopped.

#### AWARNING

Remove metal wrist bands and jewellery, before working in the engine compartment.

#### **AWARNING**

Do not touch electrical leads or components while the engine is running, or with the ignition turned on.

#### **AWARNING**

Do not allow tools or metal parts of the vehicle to make contact with the battery leads or terminals.

#### **FUEL SYSTEM**

### AWARNING

Under no circumstances should any part of the fuel system be dismantled or replaced by anyone other than a suitably qualified vehicle technician.

#### AWARNING

Ensure sparks and naked lights are kept away from the engine compartment.

# **AWARNING**

Wear protective clothing, including, where practicable, gloves made from an impervious material.

#### **POISONOUS FLUIDS**

Fluids used in motor vehicles are poisonous and should not be consumed or brought into contact with open wounds.

For your own safety, always read and obey all instructions printed on labels and containers.
