

Recommended winter tires are identified in the following table:

Land Rover approved winter tires	
18 inch wheels	235/65 R18 110H Dunlop Winter Sport M3
19 inch wheels	255/55 R19 111H Goodyear Ultra Grip
20 inch wheels	255/50 R20 109V Continental Cross Contact Winter

USING SNOW CHAINS

WARNING

Only use traction devices in heavy snow conditions, on compacted snow.

WARNING

Never exceed 30 mph (50 km/h) when traction devices are fitted.

WARNING

Never fit traction devices to a temporary use spare wheel.

Land Rover approved traction devices may be used to improve traction on compacted snow in heavy snow conditions. They should not be used in off-road conditions.

If it becomes necessary to fit traction devices, the following points must be observed:

- No traction devices should be fitted to the rear wheels.
- Single-sided spikes-spider traction devices can be fitted to the front wheels of vehicles fitted with 18, 19 or 20 inch diameter wheels.
- The wheels and tires fitted must conform to the specifications of the original equipment.

- Only Land Rover approved traction devices should be used on the vehicle. Only Land Rover approved traction devices have been tested to make sure that they do not cause damage to the vehicle. For more information contact a Retailer/Authorized Repairer.
- Always read, understand and follow the traction device manufacturer's instructions. Pay particular attention to the maximum speed and fitting instructions.
- Avoid tire/vehicle damage, by removing the traction devices as soon as the conditions allow.

UNITED STATES DEPARTMENT OF TRANSPORTATION

The following information relates to the tire grading system developed by the National Highway Safety Administration which will grade tires by tread wear, traction and temperature performance.

Note: *Tires that have deep tread and winter tires, are exempt from these markings requirements.*

UNIFORM TIRE QUALITY GRADING

Quality grades can be found where applicable on the tire sidewall between tread shoulder and maximum section width.

For example: **Treadwear 200 Traction AA Temperature A.**

In addition to the markings requirements, passenger car tires must conform to Federal Safety Requirements.
