

Air bags

- Air bag status indicator lamp.

AIR BAG SERVICE INFORMATION

WARNING

Do not attempt to service, repair, replace, modify, or tamper with, any part of the SRS. This includes wiring or components in the vicinity of SRS components. Doing so may cause the system to trigger, or render the system inoperative, either of which may result in serious injury or death.

WARNING

Do not use any electrical test equipment or devices in the vicinity of SRS components or wiring. Doing so may cause the system to trigger or render the system inoperative, either of which may result in serious injury or death.

WARNING

For your safety, all of the following operations should only be carried out by a Retailer/Authorized Repairer, or suitably qualified person:-

- Removal or repair of any wiring or component in the vicinity of any SRS components.
- Installation of electrical, or electronic, equipment and accessories.
- Modification to the front or sides of the vehicle exterior.
- Attachment of accessories to the front or sides of the vehicle.

Always contact your Retailer/Authorized Repairer if:

- An air bag inflates.
- The front or sides of the vehicle are damaged.

- Any part of the air bag Supplementary Restraint System (SRS) shows signs of cracking or damage, including trim covering the air bags.

DISABILITY MODIFICATIONS

WARNING

Occupants with disabilities that may require the vehicle to be modified must contact a Retailer/Authorized Repairer before any modifications are made. Modifications may adversely affect the vehicle which can lead to loss of control, resulting in a crash.

(USA only) If you are considering modifying your vehicle in any way to accommodate a disability, for example by altering or adapting the driver's or passenger's seat(s) or air bag system, please contact:
