PAIRING AND CONNECTING USING THE MEDIA PLAYER

For further information on **Bluetooth**® wireless technology, see **107, BLUETOOTH® INFORMATION**.

Note: *The process of pairing and connecting your media device with the vehicle, using the media device, will vary depending on the type of media device.*

1. Switch on the ignition and make sure the Touch screen is active.
2. From the **Home menu**, select **Audio/Video**, then the **My music +** soft key.
3. Touch **Bluetooth**.
4. A menu will appear. Select **Change device**.
5. Select the **Device to vehicle** option.

   Note: *The vehicle's **Bluetooth**® wireless technology system is only discoverable for 3 minutes.*
6. Using the media device, search for **Bluetooth**® wireless technology devices. On some media devices, this is referred to as new paired device. See your media device's operating instructions for further information.
7. When the vehicle's **Bluetooth**® wireless technology system is discovered, follow the on-screen instructions. Select **Yes** when prompted, to confirm the pairing.
   Either your device or the vehicle's system will ask for a PIN (Personal Identification Number). When prompted, enter a PIN of your choice and select **OK** to confirm.
8. Enter the same PIN into the other device.
9. Once your device is paired and connected to the system, a confirmation message will be displayed, before switching to the **My music**, **Bluetooth** screen.

   Note: *Some media devices do not automatically connect and need to be manually connected, via the device or by using the **Change device** option.*
