

Warning lamps

If a trailer is attached, the warning lamp will flash in conjunction with the direction indicator warning lamp. If the lamp fails to flash, the direction indicator bulb on the trailer may be faulty.

Note: *If a trailer with LED lights is connected to the trailer socket, the bulb check may not be performed.*

LANE DEPARTURE WARNING (GREEN)

Illuminates green to confirm the Lane departure warning system is enabled. Recognised lane markings will illuminate green, otherwise they will illuminate grey.
