## **FRONT CLIMATE CONTROL**

- Temperature controls: Individual for driver/passenger settings.
- 2. Seat heaters:
  - Press once to turn on to high, twice to turn on to medium, three times to turn on to low and a fourth time to turn off.
- 3. Air distribution buttons:
  - Windscreen and side window vents.
  - Face-level vents.
  - Foot-level vents.

**Note:** More than one setting may be selected, at a time, to achieve the desired distribution.

- 4. AUTO mode: For fully automatic operation.
- 5. Maximum Defrost mode.
- 6. Heated front windscreen: Will deactivate after a predetermined length of time.

**Note:** Not operational on Brazilian specification vehicles.

7. Heated rear screen: Will deactivate after a predetermined length of time.

- Do not attach labels to the rear screen. Do not scrape or use abrasive materials to clean the inside of the screen.
- 8. Air quality sensor.
- 9. Recirculation.
- 10. Blower control:
  - Rotate to adjust the blower speed.
  - Rotate fully counter-clockwise to turn the Climate control system off.
- **11.** Air conditioning on/off: With the air conditioning off, the system operates in Economy mode, improving fuel economy.

**Note:** Using the system without air conditioning for long periods can cause the windows to mist.

- 12. Rear environment:
  - Press once to control the rear heating and air conditioning using the front controls only. The **lower amber** lamp is illuminated.
