Storage compartments

STORAGE COMPARTMENTS

⚠

Make sure that any items stored in the vehicle are secure and cannot move. If the vehicle is involved in an accident, or subject to sudden braking or a change of direction, loose items can cause serious injury.

- 1. Door cup holders.
- 2. Second row seat cup holders.

- 3. Rear compartment cup holders.
- 4. Rear storage bins.
- 5. Upper glovebox.
- **6.** Lower glovebox.
- Centre console storage: The rubber mat at the bottom of the centre console is designed to hold CD cases.

Storage compartments

8. Cool box: Switch on and off using the switch on the inside front lip. There is a short delay between pressing the switch and illumination of the indicator.

The cool box will work best when the cooling tray is used.

Note: The cool box will only operate with the ignition turned on.

Note: The cool box is not a refrigerator, and will not attain the temperatures attained by a refrigerator. Repeated or prolonged opening of the cool box will reduce its ability to maintain temperature.

- The cool box should be switched off when it is not needed, to preserve battery charge.
- **9.** Centre console cup holders.
- **10.** Second row seat cup holders.
