CHANGING A BULB

Before attempting a bulb change, make sure that the ignition and the affected lamp are turned off.

Always replace bulbs with the correct type and specification. If you are in any doubt, contact your Dealer/Authorised Repairer for advice.

Note: *In certain territories, it is a legal requirement to carry spare bulbs. A replacement bulb kit is available as an approved accessory from your dealer.*

Note: *After replacing a headlamp bulb, headlamp alignment should be checked with the appropriate equipment.*

Note: *Some vehicles are fitted with LED units, these cannot be serviced.*
