Child safety

The following symbols warn against the use of a rear-facing child seat in the front passenger seat, when a front passenger airbag is fitted and is operational.

This symbol, affixed to the end of the fascia on the passenger side.

E145193

This symbol is fixed to the passenger side sun visor.

If it is essential that a child travels in the front passenger seat (and national legislation permits this), Land Rover recommends that the following preparations are made before fitting the child restraint:

- Disable the front passenger airbag.
- Adjust the front passenger seat fully rearwards.
- Adjust the lumbar support to its minimum support position.
- Adjust the seat cushion to its highest position. If cushion rake adjustment is possible, adjust it to its lowest position.
- Adjust the seatback to the upright position to support the child restraint.

 Adjust the seat belt's adjustable upper anchorage to its lowest position.

BOOSTER SEATS

In a situation where a child is too large to fit into a child safety seat, but is still too small to safely use just the three-point belt, a booster seat is recommended for maximum safety. Follow the manufacturer's instructions for fitting and use, then adjust the seat belt to suit.

CHILD RESTRAINT CHECK LIST

Every time a child travels in the vehicle, observe the following:

- Use appropriate child restraints.
- Carefully follow the restraint system manufacturer's instructions.
- Adjust the harnesses for every child, on every journey.
- Make sure that all slack is removed from the adult seat belt.
- Always attach the top tether when installing an ISOFIX seat.
- Always check the security of the child restraint.
- Do not dress a child in bulky clothing, or place any objects/padding between the child and the restraint.
- Regularly check the fit and condition of child restraints. If the fit is poor, or wear/damage is visible, replace the restraint immediately.
- Set a good example always wear your seat belt.
- On child seats fitted with a support leg, adjust the leg so that it rests firmly onto the floor.
