

Navigation system

TMC event icons will appear on the map, even if the event does not occur on your route.

Incident (Red star).

Moving Tailback Ahead (Red arrow).

Moving Tailback Both Carriageways (Red double arrow).

Slow Traffic Ahead (Yellow arrow).

Slow Traffic Both Carriageways (Yellow double arrow).

Information (Yellow circle).

Incident (Yellow star).

Note: Single arrow icons indicate that the traffic event affects traffic travelling in the direction of the arrow. Double arrows indicate that both directions are affected.

If the map is scrolled to any of the above events, further details are available and are indicated as one of the following icons:

Closed Road.

Special Warning (orange triangle).

Danger (red triangle).

Stationary Traffic.

Congestion.

Delay.

Diversion.

Contraflow.

Event.

Height Width Limit.

USING TMC

Dynamic route guidance will calculate an alternative route to avoid a traffic event, when the system receives an event warning. The system calculates a new route for all sections. However, if any waypoints are set, the system calculates for the next waypoint.

A new route message will be displayed in the Touch screen if:

- An event on the current route is serious, for example a closed road.
- The new route is shorter than the current route.
- The current route has not been recalculated within the last 5 minutes.

This message will be displayed for 5 minutes. If the new route is not accepted, the Navigation system will continue with the current route.
