Note: *Ages given are approximate. In case of doubt, the child's weight, not age, should be used when considering an appropriate child seat.*

Note: *The information contained in the table may not be applicable to all countries. If you are in any doubt regarding the type and fitment of child seats, seek advice from your Dealer/ Authorised Repairer.*

Note: *ISOFIX anchorages are provided for rear outer seating positions. ISOFIX child restraints should be securely attached, following the manufacturer's instructions, at these locations only.*

INSTALLING TETHER ANCHORAGE CHILD RESTRAINTS

Child restraint anchorages are designed to withstand only those loads imposed by correctly fitted child restraints. Under no circumstances are they to be used for adult seat belts, harnesses, or for attaching other items or equipment to the vehicle.

Always follow the child seat or restraint system manufacturer's instructions when fitting tether straps.

When fitting a child seat or restraint system, always pass the tether strap over the top of the seatback and beneath the head restraint.

If a child seat or restraint system is to be fitted to the centre seating position, the centre armrest must be in the stowed position (folded into the seat).
