

INTERIOR LIGHTS

E149887

1. Front seat footwell lamps: Automatically illuminate when the doors are opened, or the courtesy lamps are switched on manually.
2. Front reading lamps: Touch the left or right side of the sensor lens briefly, to switch on/off.
Note: To complete the operation, move your finger at least 20 mm (0.8 inches) from the lens.
3. Front courtesy lamp: Touch the centre of the sensor lens briefly to switch on/off. To switch automatic illumination on or off, hold your finger on the lens until the lamp flashes.

- Note:** To complete the operation, move your finger at least 20 mm (0.8 inches) from the lens.
In Auto mode, the lamps will illuminate when a door is opened.
4. Vanity mirror lamp: Slide the cover open/shut for on/off.
 5. Rear seat footwell lamps: Automatically illuminate when the doors are opened.
 6. Puddle lamps: Automatically illuminate when the doors are opened.
 7. Rear reading lamps: Touch the lens briefly to switch on/off.
