General warranty information

The Vehicle Warranty benefits start on the day that the vehicle is delivered to the first retail customer or his/her representative. Where a vehicle is purchased by an intermediary, the Land Rover Warranty commences when the vehicle is handed over to that intermediary.

Note: *The warranty period for Dealer demonstrator vehicles starts on the day that the vehicle is put into service as a demonstrator (not the day that the vehicle is first sold to a customer by the dealer).*

The Land Rover Warranty statements made on the following pages are additional to your legal rights. Your rights under the vehicle purchase agreement with your selling Land Rover dealer are not affected.

How to obtain warranty assistance

Should your vehicle ever require attention under the Warranty arrangements, simply contact the nearest Land Rover Authorised Repairer (preferably from whom it was purchased).

For Land Rover Authorised Repairer locations:

Telephone **0800-110 110**

- Always provide your Authorised Repairer with full information about the nature of any difficulty as quickly as possible.
- Always present the Authorised Repairer with this book, which will provide them with the information that they need before a repair can be undertaken.

If the Vehicle Details page of this book is incomplete, warranty assistance may be refused by the Authorised Repairer, until confirmation has been received from Jaguar Land Rover Limited that the vehicle in question is covered by the terms of the Land Rover Warranty. See **4, VEHICLE DETAILS**.

Your Land Rover Authorised Repairer will arrange an appointment so that you avoid having to be without the vehicle for longer than necessary.

Transfer of warranty

Warranty benefits will continue to apply regardless of any change of ownership.

VEHICLE WARRANTY

Should any part of the vehicle require repair or replacement as a result of a manufacturing defect, the part will be repaired or replaced completely free of charge by any Land Rover Authorised Repairer, regardless of any change of vehicle ownership during the period of cover.

***Note:** Tyres are covered separately by the tyre manufacturer. Your Land Rover Dealer/ Authorised Repairer will, however, assist you with any tyre claim.*

In all warranty repairs carried out by a Land Rover Authorised Repairer, genuine Land Rover Approved Parts will be used. Any displaced parts become the property of Jaguar Land Rover Limited.

All parts fitted during warranty repairs are covered for the balance of the original warranty period.

PAINT SURFACE WARRANTY

Should the paint surface of the vehicle body require attention due to a defect in material or applications, any necessary repairs will be performed completely free of charge by any Land Rover Authorised Repairer, regardless of any change in vehicle ownership during the period of cover.

CORROSION PROTECTION WARRANTY

Should any part of the bodywork of the vehicle be perforated by rust corrosion, the panel(s) affected by the perforation will be repaired or replaced by any Land Rover Authorised Repairer, completely free of charge, regardless of any change in vehicle ownership.

***Note:** The term 'perforation' means a hole that penetrates through the bodywork, caused by corrosion from the inside to the outside or from the underside to the upper side, as a result of faulty manufacture or materials.*

For the purpose of this Warranty, the term 'bodywork', is defined as metal panels, including doors, bonnet, engine and boot compartments, wings, sills, scuttles, roof, floor panel, frames and chassis members, but excluding attachments such as bright trim, bumpers, mouldings, hinges and road wheels.

ACCIDENT REPAIR DAMAGE

In the event of the vehicle requiring body repairs due to accident damage, your Land Rover Authorised Repairer will make sure that the repairs are carried out by a Land Rover Approved Body Repair Centre, using only genuine Land Rover approved parts, materials and repair techniques. This will make sure that warranty cover will continue on the repaired body sections for the remaining period of the Corrosion Protection Warranty.

ALUMINIUM BODY REPAIRS

Some models incorporate the latest technology in aluminium body structure.

Specialist vehicle Body and Paint Centres are provided with full technical support from the factory.

The Body and Paint Centres operate to a high standard and have all the necessary tools and equipment essential to repair Land Rover and Range Rover vehicles.

OWNER'S RESPONSIBILITIES

Your Owner's Handbook and this book describe the proper care and use of your vehicle. Proper maintenance and use guard against major repair expenses resulting from misuse, neglect or inadequate maintenance, and may help increase the value you receive when you sell or trade your vehicle.

Vehicle Warranty, Paint Surface Warranty and Corrosion Protection Warranty

- Make sure that all of the required maintenance is performed according to the Land Rover service requirements, and that the materials used meet Land Rover engineering specifications. See **7, SERVICE REQUIREMENTS** and **8, OWNER MAINTENANCE**.

***Note:** Your Land Rover Authorised Repairer has technicians who are trained and equipped to perform the required maintenance on your vehicle, using genuine Land Rover parts, to keep your vehicle operating to optimum levels.*

- Make sure that paint and bodywork is maintained with regular cleaning in accordance with Land Rover's instructions.
