LUGGAGE DIVIDER

A luggage divider kit is provided, to assist with safely securing items of luggage to the loadspace floor.

Floor mounted luggage rails provide a full width mounting channel that accommodates a flexible retracting band or a solid telescopic divider, to retain soft and hard luggage of all shapes and sizes.

- 1. Press and then pull the retracting band, until the required length is reached.
 - **Note:** The retracting band should only be used along the side of the loadspace floor, as illustrated.
- 2. Adjust the divider to the required length.
- **3.** Unlock the appropriate lashing eye and attach the retracting band/divider.
- With the lashing eye in the unlocked position, press the button and slide to the required position in the luggage rail.

- **5.** Lock the lashing eye in the required position.
- **6.** To remove the retracting band/divider from lashing eye, unlock the lashing eye and press the lock/unlock button to release.
