POINTS OF INTEREST (POI)

1. From the **Nav menu**, touch **Destination entry**.
2. Touch **More...**.
3. Touch **Point of interest**.
4. Touch the POI name and touch **Ok** to confirm.
5. Enter the POI name, or select from the **List**.
6. Alternatively, choose **Category** to see all of the POI categories and make your selection. See **232, CATEGORIES AND SUB-CATEGORIES**.
7. To narrow the search area, touch **Town** to enter a town name.
8. Once the POI has been selected, the map showing the selected destination is displayed.
9. Touch **GO** to start the journey.

Note: *If entering a POI name results in too many matches being listed, try entering the town name first. If you do not know the name of the POI you want, try selecting a POI category.*

Note: *POI icons can only be displayed up to the 1 km zoom level.*

RETAILER LOCATIONS

Details of Land Rover Retailers are held on the Navigation system as a Point Of Interest (POI) category, under the car/ automotive category. See **233, LOCAL POI SEARCH**.

CATEGORIES AND SUB-CATEGORIES

The POI database is divided into a number of categories. Each main category is further divided into a number of sub-categories.

Touch the desired category, then choose desired sub-categories.

MY POI

Extra POIs can be downloaded and added to the list. The system can store up to 50 000 **My POIs**, in up to 100 groups (whichever comes first).

Free POIs can be found on the internet and downloaded to the system. The name of the imported file will be displayed as a group name. Imported icons will be displayed on the map. In order for a file or icon to be successfully downloaded, the following conditions must exist:

- The POI file must be in a GPS Exchange format (.gpx), version 1.1.
- The POI file name must not contain the following characters; **-**, **/**, **;**, *****, **"**, **<**, **>**, or **|**.
- The POI file name must not exceed 35 characters.
- The icon file name must match the POI file name.
- The icon size must not exceed 32x32 dots.
- The icon format must be a bitmap (.bmp) or jpeg (.jpg).

To download files or icons, connect a USB device containing the POIs. See **190, CONNECTING A DEVICE**.

1. From the **Nav menu**, touch **More...**.
2. Select **Stored locations**.
