

Vehicle Recalls

There may be an occasion when Land Rover determines that a recall campaign is necessary to rectify a safety related problem. In many countries, there is a requirement that owners be notified of these recall campaigns and be provided with information concerning the action they must take.

In the event of a recall campaign affecting your vehicle, you will be contacted and invited to have your vehicle inspected free of charge by a Land Rover Dealer/Authorised Repairer. It is in your interest to comply immediately with such a request.

If you suspect that your vehicle has been missed by a recall campaign, you should contact a Land Rover Dealer/Authorised Repairer for advice. In the UK, if a Land Rover Dealer/Authorised Repairer is unable to confirm the status of your vehicle from his own records, he will call Land Rover and obtain the information you require.

To successfully resolve any recall campaign, it is important that we are able to contact you easily. If you have changed your address or have become the new owner of the vehicle, please complete the Change of Address or Ownership page at the end of this publication, remove it and send it to: Land Rover Administration, Mondial House, 102 George Street, Croydon, CR9 6HD.

If the page has already been used, please write to the above address or contact any Land Rover Dealer.

The Land Rover Dealer/Authorised Repairer will record details of any work carried out on your vehicle under a recall campaign in the following space.
