

Land Rover Assistance

INTRODUCTION

Land Rover Assistance is a comprehensive assistance programme, designed specifically for Land Rover drivers to promote absolute peace of mind. This programme provides assistance in any motoring emergency, from immobilisation due to breakdown or accident, to minor emergencies such as a puncture. The benefits of Land Rover Assistance are available throughout the warranty period however limitations apply to specific causes of immobilisation.

Land Rover Accident Services last for the lifetime of the vehicle, for details see page 16.

In the United Kingdom, our Land Rover trained technicians have the expertise to resolve the majority of breakdowns at the roadside. Where roadside repair is not possible, you and your passengers will be provided with an alternative means of reaching your destination.

With a comprehensive range of benefits including car hire, vehicle redelivery and hotel accommodation, Land Rover Assistance also provides access to an extensive network of European Emergency Service centres manned by experienced multilingual staff 24 hours a day, every day of the year.

UNITED KINGDOM BENEFITS

Home and roadside assistance

If your vehicle is immobilised, whether at home or elsewhere in the UK, Land Rover Assistance will, whenever practical, arrange assistance by a Land Rover trained technician. If the problem cannot be resolved at the roadside, or it is more appropriate to send a recovery operator, we will recover your vehicle to the nearest Land Rover Authorised Repairer or to the Land Rover Authorised Repairer nearest to your home address.

Car hire

If following assistance by Land Rover Assistance, your vehicle cannot be repaired within 4 hours, we will wherever possible organise and pay for a replacement vehicle for a maximum period of 2 days whilst your vehicle is being repaired. A valid driving licence and credit card deposit to cover any additional days' hire will be required. Please note that we cannot guarantee availability of vehicles with accessories such as roof racks, tow bars, etc.

Storage

If your vehicle has to be stored following recovery by Land Rover Assistance, we will pay the cost of storage up to a maximum of £50 including VAT.

Land Rover Assistance

Onward travel/Hotel accommodation

Following assistance by Land Rover Assistance, if your vehicle repair cannot be completed within 4 hours and your vehicle remains immobilised, we will wherever possible organise and pay for you and your passengers to continue your journey or return home by the most appropriate means. Alternatively, if the breakdown occurs more than 50 miles from your home address and overnight accommodation is a more practical option, we will pay for the cost of hotel accommodation for you and your passengers up to a maximum of £100 including VAT per person (£150 in Greater London). The maximum allowance under this benefit is £500 including VAT.

Vehicle redelivery

If your vehicle has been recovered by Land Rover Assistance to a Land Rover Authorised Repairer which is located more than 50 miles from your home address, we will arrange for the vehicle to be returned to your home address in the UK following completion of the repair.

EUROPEAN ASSISTANCE

For details of the countries covered by Land Rover Assistance, refer to the list on page 14.

Roadside assistance and recovery

If your vehicle is immobilised in Europe and the problem cannot be resolved at the roadside, we will organise and pay for recovery of your vehicle to the nearest Land Rover Authorised Repairer.

European motorway/autoroute restrictions

On certain autoroutes in some European countries, you must use the official SOS boxes at the side of the road in order to arrange initial recovery. You will be connected to the authorised motorway assistance service because these roads are privatised and we are prevented from assisting on these roads. You should contact Land Rover Assistance at the earliest opportunity so that we can arrange for the most appropriate assistance once your vehicle has been recovered from the autoroute. Costs incurred for recovery from the autoroute should be claimed back from Land Rover Assistance (please see **Reclaiming expenses** on page 13 for the reimbursement procedure).

Vehicle repatriation

If your vehicle cannot be repaired in Europe, or if the repairs cannot be completed before your intended return date, we will arrange and pay for the repatriation of your vehicle to the Land Rover Authorised Repairer nearest to your home address in the UK. The maximum amount payable by Land Rover Assistance for vehicle repatriation will not exceed the market value of your vehicle.

Storage

If your vehicle has to be stored whilst waiting for recovery or repatriation, we will pay storage costs up to £100 including VAT.

Land Rover Assistance

Chauffeur service

If you are the only driver in the vehicle and are taken ill, we will if appropriate arrange for a chauffeur to return your vehicle and passengers to their home address in the UK.

Parts delivery

If the parts required to repair your vehicle are not available locally, we will organise and pay for the despatch of these parts from elsewhere.

Onward travel/Hotel accommodation

If the immobilisation has occurred en-route to your planned destination, your vehicle has been taken to a Land Rover Authorised Repairer and repairs cannot be completed within 4 hours, you may wish to continue your original journey. We will organise and pay the costs of the most appropriate method of onward transportation to your destination. Alternatively, you may wish to wait for the completion of the repairs. If overnight accommodation is therefore a more practical option, we will pay for hotel accommodation up to a maximum of £100 per person per night for you and your passengers for a maximum of 7 nights.

Car hire

Provided that your vehicle has been recovered by Land Rover Assistance, we will, wherever possible organise and pay for a replacement vehicle for a maximum period of 2 weeks whilst your vehicle is being repaired.

The rental provider will need to see a valid driving licence and you will be required to pay a deposit for any additional days' hire. Please note that we cannot guarantee availability of vehicles with accessories such as roof racks, tow bars etc.

Message service

We can pass on urgent messages to family, business or friends if your journey has been delayed due to the immobilisation of your vehicle.

Additional UK car hire

If your vehicle is being repatriated or has been left in Europe pending completion of repairs following electrical or mechanical failure (excluding accident or theft or incorrect fuel) we will organise and pay for a replacement vehicle in the UK for a maximum of 2 days.
